Çanakkale Türkiye

SIM CARD OPTIONS AND WHERE YOU CAN BUY THEM

At Istanbul airport, You can ask the Tourist Information Centers for the stores of Turkcell, Vodafone and Turk Telekom phone operators. All 3 operator companies are located side by side at the airport. Sim cards are processed into passports. For this reason, a **passport is required**. **Fares at the airport are much more expensive than they are in the city. If you don't have to buy a sim card right away, you can buy it at a better price once you arrive in Çanakkale. Prices in the city are around 1.000 Turkish liras.** Below are the content and price details of the sim cards you can get from the airport.

1. Turkcell

Turkcell is offering a special package for travelers, the "Tourist Welcome Package" (<https://www.turkcell.com.tr/en/aboutus/traveling-turkey/local-sim-card-for-your-vacation>).

What is included: 20 GB data + 200 minutes of local calls + a SIM card with unlimited messaging with Whatsapp.

Prices can be as high as €47 (1.100 Turkish Liras) in airport shops.

2. Vodafone Türkiye

Mobile provider Vodafone Turkey is offering a special tourist package for prepaid SIM cards. It is called the "Welcome to Turkey Package" (<https://www.vodafone.com.tr/en/tourist-sim-card-turkey>).

What is included: Vodafone's Prepaid Tourist SIM Card consists of 20 GB data + unlimited WhatsApp + 750 minutes local calls + 1000 SMS

Prices: Up to €40 at the airport.

3. Türk Telekom

Türk Telekom's special SIM card package for tourists is called "Welcome (Hoşgeldin)" (<https://bireysel.turktelekom.com.tr/mobil/welcome-25gb>).

Cost: Hosgeldin(Welcome package) includes 25GB internet package + 750 minutes local calls + 750 SMS

Validity: Türk Telekom SIM Card is valid for 28 days.

1) Airalo: <https://www.airalo.com/turkey-esim>

2) Holafly: <https://esim.holafly.com/esim-turkey/>

HOSPITAL & PHARMACY INFORMATION

However, after 18:00 there is a pharmacy on duty in each neighborhood. The pharmacies on duty change every day. Therefore, you can follow the list of pharmacies on duty on a daily basis [here](#). ISTANBUL AIRPORT → CANAKKALE

Option 1: (Intercity bus via Tekirdağ)

It is possible to make an on-site purchase from the offices of intercity bus companies which you can find inside bus terminals and the Istanbul Airport. You can also use www.obilet.com for all intercity bus tickets as well as hotel reservations.

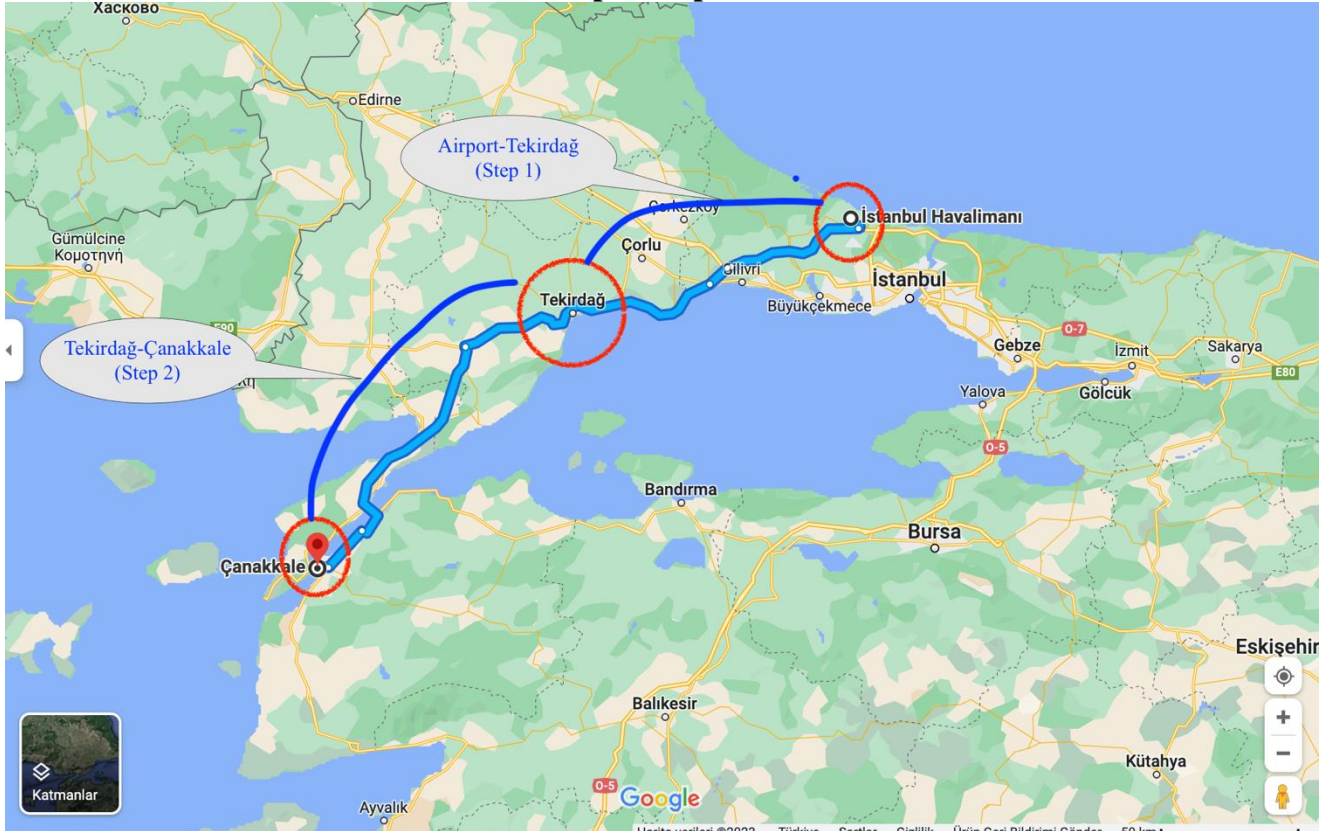

There is a convenient route to reach Çanakkale from Istanbul Airport. The distinctive feature of this route is that you can reach Çanakkale without entering Istanbul's traffic. On this route, you will need to make one transfer.

Step 1-) First, you need to find the *Istanbul Seyahat* bus company located at the [Platform 18](#) on the [-2nd floor](#) of the Istanbul airport to purchase a bus ticket to Tekirdağ Bus Terminal. The cost to Tekirdağ Terminal is 350 TRY, and the journey takes approximately 2 hours. When buying a ticket, departure station must be “**Istanbul Airport**” and arrival “**Tekirdağ Otogar**”.

Step 2-) Upon arrival at the Tekirdağ Bus Terminal, you need to buy another bus ticket to Çanakkale-Otogar (Couch Station).

The journey between Tekirdağ and Çanakkale Otogar takes around 2 hours, and the fare is approximately 450 TRY.

Map for Option 1

Option 2: (Intercity bus via Istanbul City Center)

As for the second option, you may take a bus from Esenler Bus Terminal (Esenler Otogarı) to Çanakkale. For this one, please follow the steps described below:

Step 1-) Take a '**Havaist**' bus which is also located on the [-2nd floor](#), to **Esenler Bus Terminal (Route Code: HVİST-5)**. Havaist fare for this journey is 158 TRY per person. You can check departure hours on this website: <https://hava.ist/sefer-saatleri.php> (accessed on June 7, 2024 and please check the website for any updates). You can also download the “Havaist” app.

For the details you may also look at: <https://www.istairport.com/en/airport/airport-transportation/?locale=en>

Step 3-) When you reach Esenler Bus Terminal, you need to purchase a ticket to Çanakkale from here. There are many bus agencies in the bus station. Main bus companies to Çanakkale for this route are as follows. Below are the well-known ones:

- Çanakkale Truva Turizm (is regional/local company with history).
<https://www.truvaturizm.com/>
- Pamukkale Turizm (is nationwide company with high reputation).
<https://www.pamukkale.com.tr/>
- Kamilkoç (Flixbus)
https://www.flixbus.com.tr/?_sp=730fde88-3ffa-43e7-8649-22cc826a6e68.1693150749043&atb_pdid=e5f2e4f2-4d36-4d1e-b2c9-f6154a41b5ae

Step 4-) When buying a ticket, departure station must be “**Istanbul-Esenler Otogari**” and arrival “**Çanakkale Otogar**”. Make sure that the ticket says “Çanakkale-Otogar” or only Çanakkale. Otherwise, the bus may take you to a **very distant** part of the Çanakkale. You can use www.obilet.com or alternatively buy an on-site ticket from the agencies of those companies inside the terminal.

Option 3: Private Shuttle

Should you wish to hire a private shuttle service for your transfer from/to the airport from/to Çanakkale, you may contact Merve Özkök (Ozkok.merve@detabi.com), an alumna of ÇOMU Japanese Department who is running her own travel agency in Istanbul. There are several other travel agencies providing this service that you find at the airport.

Transfer from Çanakkale-Otogar to Your Accommodation

Once you arrive in Çanakkale-Otogar, the easiest way to go to your accommodation is to take a taxi (price approximately 180 TRY). There is also the “**C9**” public bus line which transfers from ‘Otogar’ to ‘İskele’ (city centre). You can use your contactless credit/debit card in order to pay the bus fee on board which costs 17 TRY.

Aynalı Çarşı (Mirrored Bazaar)

It is stated that only the entrance gate of Aynalı Çarşı located on Çarşı Street in the centre of Çanakkale, remains original today. The door, which is made of cut stones, has a round arch, a triangular pediment, and an inscription above the gate. According to the inscription which was written both in Ottoman and Hebrew, the bazaar was built in 1890 with the permission of Abdulhamid II, made by Ilya Halyo, one of the prominent Jewish merchants of Çanakkale. However, Evliya Çelebi's travel book mentions the existence of the bazaar, suggesting that the bazaar had already existed and could only be repaired by Ilya Halyo. The bazaar was destroyed by bombing during the Gallipoli Wars. In 2004, it was rebuilt with the project by Dr. Ümit Serdaroğlu (cited from the [website "bir nefes Çanakkale"](#)).
